What is Human Design?

Human Design is a new, cutting-edge personality assessment tool that shows you your unique decision-making strategy, your special gifts and talents, where you carry your burdens, your potential for healing and wisdom.

Human Design is a synthesis of Eastern and Western Astrology, the Chinese, I'Ching, The Kabbalah, the Hindu Chakra System and Quantum Physics. Your Human Design chart is calculated using your birth date, time and place.

If you're like most of our clients, you've probably attended multiple personal growth seminars and read lots of books about manifesting "change" and creating success in your life. Maybe you've even studied specific techniques to help you release "blocks" and get yourself "unstuck".

Thank You!
